“Installation Meeting June 25th”

{With this issue being the end of the month and the issue that is typically included with our “billing” that reaches the entire Club and not just those on the “email list”, I wanted to include the following for all members.}

Barring any unforeseen issues, the Board has arranged for our “Installation Service for 2020/2021 Officers and Board Members” to be held at the Fish ‘N’ Pig at 5:45PM on June 25th. I look forward to see all members in attendance. **John**, at the “Fish ‘N’ Pig”, has said that “social distancing” guidelines will be in place. We will have to order from the menu, so, **Walter** says “bring cash”. **Volunteer Field Representative Rollin Middlebrooks** will perform the “Installation Service” promptly at 5:45 PM. He also is committed to Install the Officers and Board Members of the Forsyth Club the same evening. We will share time & our meal after the installation.

“On the Radar” the Board is optimistically looking forward as the Governor’s direction to “Shelter In Place” for the Elderly, Seniors, and others that are at greater risk for COVID19 infection is currently scheduled to expire on June 12th. A lot of “pieces” will have to be placed in the puzzle as we tentatively consider a recommencing our Club meetings. Under consideration is a temporary schedule of “every other week” meetings, allowing “14” days between meetings allowing for health monitoring. The biggest “piece” is a meeting location. It needs to be in a fairly central location, able to accommodate our attendance numbers (between “12 & 20”), preferably donated space (Club “coffers” are getting lower by the month) or really economical, and the space would need to be of sufficient size for social distancing practices. Contact any Board member with any suggestions. In the interim time, keep the faith and stay safe.

The Officers and Board Members to be “installed” for the **2020/2021 Club Year** are the same as those that were elected for the **2019/2020 Club Year** and are listed to the left.

Will Rogers was a political comedian back in the day.

Many of the things he said then, are still funny and true today.

With Governor Kemp “opening the State”, many folks are moving about without face masks, and definitely ignoring “social distancing”. The State’s numbers of COVID -19 cases, hospitalizations, ICU cases, and deaths continue to increase. Macon/Bibb County is no exception – at 1:00PM today there were “449” cases, “132” in the hospital, and “25” have died. Please stay safe and follow the mask and “social distancing” guidelines.
